SUBJECT: Authorization for Contractor Use of the Procurement Systems of the Federal Government (CF&AO-M&O-05-068)

Dear Ms. Sehlke:

Battelle Energy Alliance, LLC (BEA) is hereby authorized under the U.S. Department of Energy (DOE) Prime Contract No. DE-AC07-05ID14517 to act as agent for DOE for the purpose of placing orders against Federal Supply Stores Depots and Government Supply Contracts in accordance with the requirements and procedures set forth in Federal Acquisition Regulation, Part 8. BEA may acquire materials and services from such Government sources of supply in accordance with DOE Acquisition Regulation, Part 908.71.

This authorization provides for BEA performance for the following:

1. Issue purchase orders for the procurement of materials, supplies, equipment, and non-personal services available to DOE from the following agencies and Government corporations or by contracts executed by those agencies with suppliers:

    a. Federal Supply Service
    b. Federal Prison Industries, Inc.
    c. Department of Defense Agencies
    d. Field Services, U.S. Government Printing Office
    e. Any other source made available to DOE

2. Issue Direct Pay Authority letter in lieu of payment of State or other taxes for which DOE is not liable.

Payment for purchases will be made directly to contract suppliers or Federal Supply Facilities in accordance with terms of your prime contract.

The establishment of this agency relationship for BEA performance of the function stated above is accomplished so BEA is able to utilize the facilities in obtaining materials, supplies, equipment, and non-personal services for exclusive use in the performance of DOE programs.

You may furnish copies of this letter to any of the Federal Supply Facilities or their contract suppliers as evidence of BEA's authority to utilize such sources of supply. The term of this authorization is the same as your prime contract, which began February 1, 2005, and expires September 30, 2014.

Sincerely

Wendy L. Bauer
Contracting Officer
Site Services Division
