SECTION A APPLIES REGARDLESS OF PRICE

ARTICLE NO.

A.1 GENERAL

- 1.1 The terms and conditions of these General Provisions and those set forth in the BEA purchase order (Order) or Subcontract (terms used interchangeably) constitute the entire agreement between the parties and apply notwithstanding any different or additional terms and conditions submitted or proposed by Seller or Subcontractor (terms used interchangeably); and BEA or Contractor (terms used interchangeably) objects to and shall not be bound by any such additional or different terms and conditions. Seller must determine what provisions should be inserted in its Lower-tier subcontracts and purchase orders to implement the obligations of Seller to BEA. By entering into this Order, Seller recognizes these obligations and agrees to implement them in its lower-tier subcontracts and purchase orders.

Provisions herein that must be inserted into Subcontractor's Lower-tier subcontracts and purchase orders, with value thresholds if any, are denoted in bold-face print. - 1.2 The failure of either party to enforce at any time any of the provisions of this Subcontract or to require at any time performance by the other party of any of such provisions shall in no way be construed to be a waiver of such provision, nor in any way to affect the validity of this Subcontract or any parts thereof, or the right of either party thereafter to enforce each and every provision.
- 1.3 In the event of an inconsistency between provisions of this Subcontract, the inconsistency shall be resolved by giving precedence as follows: (i) Purchase Order or Subcontract; (ii) statement of work; (iii) these General Provisions; and (iv) other provisions of this Subcontract, whether incorporated by reference or otherwise. However, Subcontractor shall notify the Contractor prior to performing work based on resolution of an inconsistency by the order of precedence set forth herein.

A.6 APPROVALS

The granting of approvals by the Contractor of any data submitted by Subcontractor under this Order shall not affect, or relieve Subcontractor from, compliance with this Order.

A.7 PASSAGE OF TITLE AND LIENS

- 7.1 Title to deliverables shall pass at the place of delivery to Contractor. If purchased F.O.B. origin, delivery to the carrier shall be deemed to be delivery to Contractor.
- 7.2 Seller agrees to furnish deliverables free and clear of all liens, claims, and encumbrances. Seller agrees to hold Contractor and the Government harmless from all liens, claims, or demands in connection with the Work.

A.8 DELIVERY AND PAYMENT

- 8.1 Unless otherwise specified in this Order, a separate invoice shall be issued upon each delivery of Supplies or completion of Services, and shall be payable by Contractor upon receipt of Supplies or completion of Services and receipt by Contractor of a correct invoice therefore. - 8.2 The Contractor will not accept price adders for the cost of providing insurance against risk of loss in transit. If the Subcontractor chooses to insure its risk of loss in transit, the cost of same must be included in the order price. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with Order requirements. Contractor may reject nonconforming Supplies with or without disposition instructions.
- 9.3 Rejection of non-conforming work shall be made as promptly as practicable after delivery, except as otherwise provided in this Order; but Contractor's failure to inspect or reject work shall neither relieve Subcontractor from responsibility for work that is not in accordance with the Order requirements nor impose liability upon the Contractor.
- 9.4 Inspections and tests by Contractor do not relieve Seller of responsibility for defects or other failures to meet Order requirements.

A.10 ASSIGNMENT

Neither this Order nor any interest herein nor claim hereunder shall be assigned or transferred by the Subcontractor, except as expressly authorized in writing by the Contractor. This Order may be assigned by the Contractor to the U.S. DOE or to DOE's designee(s).

A.11 FEDERAL, STATE, AND LOCAL TAXES

Except as otherwise provided in this Order, the order prices include all applicable federal, state, and local taxes and duties. The Contractor is exempt under Idaho law from the payment of certain Idaho sales or use taxes and is authorized by agreement with the State of Idaho department of

revenue and taxation to pay directly to the State of Idaho any sales or use taxes owing on purchases of tangible personal property. Therefore, billing under this Order shall not include Idaho sales or use tax for any tangible personal property purchased hereunder.

A.12 COMPLIANCE WITH LAWS

Subcontractor shall procure all necessary permits or licenses and abide by all applicable laws, regulations, and ordinances of the United States and of the state, territory, and political subdivision in which the work under this Order is performed.

A.13 DISPUTES

- 13.1 The parties agree that the appropriate forum for resolution of any dispute pertaining to this Subcontract shall be a court of competent jurisdiction as follows:
- a. Subject to paragraph 13.1 b. of this Article, any such litigation shall be brought and prosecuted exclusively in Federal District Court; with venue in the United States District Court for the District of Idaho in Pocatello, Idaho.
 - b. Provided, however, that in the event that the requirements for jurisdiction in the Federal District Court for the District of Idaho, in Pocatello, Idaho are not present, such litigation shall be brought exclusively in the District Court of the Seventh Judicial District of the State of Idaho, in and for the County of Bonneville, with venue in Idaho Falls, Idaho.
- 13.2 Any substantive issue of law in dispute shall be determined in accordance with the law of the State of Idaho, except an issue involving a Federal Acquisition Regulation or Department of Energy Acquisition Regulation clause(s), which shall be determined in accordance with federal procurement law. Nothing in this Article shall grant to the Subcontractor by implication any statutory rights or remedies not expressly set forth in this Order.
- 13.3 There shall be no interruption in the prosecution of the Work, and the Subcontractor shall proceed diligently with the performance of this Order pending final resolution of any dispute, claim, or litigation, arising under, or related to, this Order, between the parties hereto or between the Subcontractor and Lower-tier Subcontractors or suppliers.
- 13.4 The Contract Disputes Act of 1978 (41 U.S.C. Sections 601 613) shall not apply to this Order; provided, however, nothing in this Article shall prohibit BEA, at its sole discretion, from sponsoring a claim of the Subcontractor for resolution under the provisions of its prime contract with DOE. In the event that BEA sponsors a claim at the request of the Subcontractor, the Subcontractor shall be bound by the decision of the cognizant DOE Contracting Officer to the same extent and in the same manner as BEA.

A.14 DEFAULT

- 14.1 Contractor may, subject to Paragraphs 14.3 and 14.4 of this Article, by written notice of default to Seller, terminate this Order in whole or in part if Seller fails to: (i) deliver the Supplies or to perform the Services within the time specified in this Order or any extension; (ii) make progress, so as to endanger performance of this Order (see subdivision 14.2 of this Article); or (iii) perform any of the other provisions of this Order (see subdivision 14.2 of this Article).
- 14.2 Contractor's right to terminate this Subcontract under subdivisions 14.1(ii) and 14.1(iii) of this Article, may be exercised if Subcontractor does not cure such failure within ten days

(or more if authorized in writing by Contractor) after receipt of the notice from Contractor specifying the failure.

- 14.3 If Contractor terminates this Order in whole or in part, it may acquire, under the terms and in the manner Contractor considers appropriate, supplies or services similar to those terminated, and Seller shall be liable to Contractor for any excess costs for those supplies or services. However, Seller shall perform the work not terminated.
- 14.4 Except for defaults of lower-tier Subcontractors at any tier, Seller shall not be liable for any excess costs if the failure to perform this Order arises from causes beyond the control and without the fault or negligence of Seller. Examples of such causes include: acts of God or of the public enemy; acts of the Government in either its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes; freight embargoes; and unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of Seller.
- 14.5 If the failure to perform is caused by the default of a Lower-tier Subcontractor at any tier, and if the cause of the default is beyond the control of both Seller and the Lower tier Subcontractor and without the fault or negligence of either, Seller shall not be liable for any excess costs for failure to perform, unless the required supplies or services were obtainable from another source(s) in sufficient time for Seller to meet the required delivery schedule.
- 14.6 If this Order is terminated for default, Contractor may require Seller to transfer title to the Government and deliver to Contractor, as directed by Contractor, any (1) completed Supplies, and (2) partially completed Supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this Article) that Seller has specifically produced or acquired for the terminated portion of this Order. Upon direction of Contractor, Seller shall also protect and preserve property in its possession in which Contractor or the Government has an interest.
- 14.7 Contractor shall pay the order price for conforming Supplies delivered. Seller and Contractor shall agree on the amount of payment for manufacturing materials delivered and for the protection and preservation of the property. Failure to agree will be a dispute under the "Disputes" article. Contractor may withhold from these amounts any sum it determines to be necessary to protect itself against loss because of outstanding liens or claims of former lien holders.
- 14.8 If, after termination, it is determined that Seller was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Contractor.
- 14.9 The rights and remedies of Contractor in this Article are in addition to any other rights and remedies provided by law or under this Order.

A.15 WARRANTY

- 15.1 Contractor warrants that the supplies shall be free from defects in material and workmanship, of the most suitable grade of their respective kinds for the purpose, and comply with all requirements set forth in this Order, until one year after first placed into service by Contractor, or three years after acceptance, whichever first occurs. Subcontractor shall correct any nonconformity with this warranty at its sole expense, as directed by Contractor, by promptly (i) repairing or replacing the nonconforming supplies specified (and correcting any plans, specifications, or drawings affected); (ii) furnishing

Contractor any materials, parts, and instructions necessary to correct or have corrected the nonconformity, or (iii) paying to Contractor a portion of the order price as is equitable under the circumstances.

Subcontractor shall, in any event, bear all packing, packaging, and shipping costs to the Subcontractor's plant and return, and shall bear all risk of loss or damage, for the repaired or replacement supplies during transit.

- 15.2 If Subcontractor fails to perform its obligations promptly under this Article, Contractor may perform, or have performed, such obligations and Subcontractor shall pay Contractor all charges occasioned thereby.
- 15.3 The warranty with respect to replacement supplies or services shall be the same as the warranty provided for in Paragraphs 15.1 and 15.2 of this Article. The warranty for other than replacement supplies or services shall continue until the expiration of the original period plus a period equal to the time elapsed between the discovery of the nonconformity and its correction.
- 15.4 Unless installation is an element of the work, Subcontractor shall not be obligated under this Article for the costs of removal or reinstallation of any supplies furnished or items serviced hereunder from the location of their installation, or for the costs of removal or reinstallation of structural parts or items not furnished by Seller hereunder.

A.16 AUTHORIZATION AND CONSENT

- 16.1 The Government hereby gives its authorization and consent (without prejudice to any rights of indemnification) for all use and manufacture in the performance of this Order, or any part hereof, or any amendment hereto, or any Lower-tier Subcontract hereunder, of any invention described in and covered by a patent of the United States, and that is:
- a. embodied in the structure or composition of any article the delivery of which is accepted by the Government under this Subcontract, or
 - b. utilized in the machinery, tools, or methods the use of which necessarily results from compliance by the Subcontractor. or the using Lower-tier Subcontractor, with (i) specifications or written provisions now or hereafter forming a part of this Subcontract, or (ii) specific written instructions given by the Contractor directing the manner of performance.
- 16.2 The entire liability to the Government and the Contractor for infringement of a patent of the United States shall be determined solely by the provisions of the indemnity clause, if any, included in this Subcontract, or any Lower-tier Subcontract hereunder, and the Government assumes liability for all other infringement to the extent of the authorization and consent herein granted.

A.17 INTELLECTUAL PROPERTY INDEMNITY

- 17.1 Subcontractor shall indemnify the Government and Contractor and their officers, agents, and employees against liability, including costs, for infringement of any copyright or United States patent (except a patent issued upon an application that is now or may hereafter be withheld from issue pursuant to a Secrecy order under 35 U.S.C. 181) arising out of the manufacture or delivery of Supplies, the performance of Services, or the construction, alteration, modification, or repair of real property (hereinafter referred to as "construction work") under this Subcontract, or out of the use or disposal by or for the account of the Government or Contractor of such Supplies or construction work.

- 17.2 This indemnity shall not apply unless Subcontractor shall have been informed as soon as practicable by the Government or Contractor of the suit or action alleging such infringement, and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in its defense. Further, this indemnity shall not apply to: (i) an infringement resulting from compliance with specific written instructions of Contractor directing a change in the Supplies to be delivered or in the materials or equipment to be used, or directing a manner of performance of this Subcontract not normally used by Subcontractor; (ii) an infringement resulting from addition to or change in Supplies furnished or construction work performed that was made subsequent to delivery or performance or; (iii) a claimed infringement that is unreasonably settled without the consent of Contractor, unless required by final decree of a court of competent jurisdiction.
